Improvement

The Basics of Cape Light Compact

Who are we?

- Public Entity formed in 1997 to advance the interests in consumers in the newly restructured electric industry
- Serves the 21 towns and Duke's County encompassing Cape Cod and Martha's Vineyard
- Governing Board comprised of appointed individuals who represent each member town's interests
- Serves 200,000+ consumers on Cape Cod and Martha's Vineyard
- Office Located on Whites Path in South Yarmouth
- Administers \$100+ million annual power supply contract (Since 2003)
- Operations funded through a 'mil adder' incorporated into our customers electric bill
- Deliver a Comprehensive Approach to Energy Services

Who's Paying for All of This?

Resiliency and Energy Efficiency Can Go Hand-in-Hand

- A few common concepts:
 - EE & Food Spoilage Prevention
 - EE & Generator Efficiency
 - EE & Home Comfort

Test Your Energy Efficiency Knowledge

What's wrong with your picture?

COMMON AIR LEAKS

First, Some Basics

Un-Insulated, Un-Covered Attic
Access

What's Wrong Here...

Air Gap in Bulkhead Door

What's Wrong Here...

Half-Empty (or full) Refrigerator

What's Wrong Here...

Air Gap Around
Ceiling Penetrations

What's Wrong Here...

Bath Fan Vented Directly Into Attic

What's Wrong Here...

Before...
Chimney
chase
open to
basement

After...

What's Wrong Here...

Non-continuous
Insulation

No Contact between
Insulation and Floor

Evidence of bulk
moisture and mold

What's Wrong Here...

Un-
insulated
rim and
band joist
located
above
insulated
foundation
walls

What's Wrong Here...

Except for this
incandescent light
bulb

Nothing!

What's Wrong Here...

Kinked
supply ducts

What's Wrong Here...

Duct connecting Supply and Return

What's Wrong Here...

Water
Heater
starting to
deteriorate

What's Wrong Here...

Un-
insulated
water
pipes

What's Wrong Here...

Skylight Framing

Recessed Ceiling Lights?

Poorly Insulated Roof Structure

What's Wrong Here...

Cold Ceiling (poorly insulated attic) collects moisture and any particles in the air, staining ceilings.

What's Wrong Here...

Poorly insulated and
air sealed home
creating Ice dams

What's Wrong Here...

Cape Light Compact Free Energy Assessment

Call 1-800-797-6699 www.capelightcompact.org

A qualified Energy Analyst performs an energy audit on your home using a “Whole-House” approach which includes:

- Analysis of historical energy consumption using utility bills
- Comprehensive Assessment Identifying Energy Efficiency Opportunities
- Combustion Appliance Testing (checking for safety and efficiency)
- Replacing Incandescent light bulbs with Installation of Energy Efficient Lighting
- Identification of Cost-Effective Energy Efficiency Opportunities
- Home Energy Action Plan- Providing Recommendations and energy savings projections
- Generous Incentives for recommended measures

Home Energy Assessment

0% Interest HEAT Loan Program

Up to \$25,000 with Repayment Terms up to 7 Years for Eligible Measures Including:

*Loan eligibility is determined by the lender. Must receive Energy Assessment

- Air Sealing, Insulation and Duct Improvements
- Domestic Hot Water Systems
- Heating Systems and Thermostat Controls
- Central Air Conditioning Systems
- Pre-Weatherization Barrier Remediation

Finance your 25% co-payment
for weatherization measures

Get rid of that old inefficient
heating system without
breaking the bank!

Replace your old AC system
or
Install one for the first time

HEAT Loan

1. Chimney Balloon

\$35 rebate A removable, reusable, and durable device that helps to stop airflow, odor, and debris from flowing through your chimney.

2. Heating Systems, Controls, & Water Heaters

\$100-1750 rebate* for oil & propane heating systems.

3. Central Air Conditioning

up to \$500 rebate for central cooling and central heat pump systems.

up to \$300 rebate per indoor unit for mini-split heat pump systems.

4. Efficient Thermostats*

limit 2 per customer (oil & propane)

\$25 rebate for programmable thermostat.

Up to \$100 rebate for Wireless Enabled thermostat.

Cape Light Compact's Home Energy Assessment

Includes **Free** replacement of inefficient light bulbs, **Free** air sealing, and will cover 75% of the cost up to \$4,000 to install recommended insulation for eligible homes. Please call (800) 797-6699 to schedule your free home energy assessment today!

Additional benefits for income qualified customers.

Mass Save® HEAT Loan Program

The HEAT Loan Program provides loans up to \$25,000 with 0% interest and terms up to 7 years for approved measures.** To apply for the loan you must own a one to four-family home and have a home energy assessment. To view eligibility requirements, please visit

www.capelightcompact.org/heat.

5. Heat Pump Water Heaters up to \$750 rebate for qualified electric hot water replacements.

6. Solar Domestic Hot Water

\$500-1500 rebate

for solar domestic hot water heating systems. Rebate amount depends on number of household members.

Pre-approval required and must replace electric hot water heater.

7. Appliances

\$40 rebate for an ENERGY STAR® Room Air Cleaner.

8. Dehumidifier

\$30 rebate on ENERGY STAR® certified dehumidifiers.

9. Clothes Dryer

\$50 rebate for ENERGY STAR® certified electric clothes dryers.

*Natural gas equipment related rebates are available through GasNetworks at www.gasnetworks.com.

**Subject to lender approval.
